

@is online

Last updated: 05 March 2012

@is online is a collection of links and information about the Aeronautical Information Services (AIS) and aeronautical information resources available on the Internet. It is designed to provide aeronautical information stakeholders with a single entry point to the wide range of aeronautical information available on the Net.

The information available on **@is online** is divided into the following sections:

- [European AIS](#)
- [South American AIS](#)
- [North, Central American and Caribbean AIS](#)
- [Middle Eastern AIS](#)
- [Asian and Pacific AIS](#)
- [African AIS](#)
- [Military AIS](#)

You can find information about AIS websites, available aeronautical information, email and points of contact.

The information found on these pages is provided by the users of **@is online** and may not be complete or accurate.

If you are aware of an AIS website not listed here or find an error, [please let us know](#) and we will update the pages as necessary.

European AIS

@is online is a collection of links and information about the Aeronautical Information Services (AIS) and aeronautical information resources available on the Internet. It is designed to provide aeronautical information stakeholders with a single entry point to the wide range of aeronautical information available on the Net.

In this page you can find the contact details of AIS providers and regulators from European states in alphabetical order from Albania to Uzbekistan.

[Free of charge access to AIP of ECAC states](#) on the European AIS Database public user website - EAD Basic (registration required).
